Leaving your warm bed at 2:30 in the morning to travel 300 miles on a bus may not seem like fun to most people, but to a member of F.F.A., it is a privilege! To win one of these contests is rewarding to all who participate as they are representing their town well—at both the state and national levels.

Tucumcari F.F.A. is an extremely active organization at T.H.S. The 44 members participate on the local, district, state, and national levels.

Nicole, hard at work

Future Homemakers of America first began in June of

Valerie and Amy at leadership convention.

1945 when state home economic clubs, state Future Homemakers of America organizations, and independent home economic clubs joined together to form what it is now. FHA is the only in-school organization with the family

as its central focus. Its chapters encourage personal growth, leadership development, family and community involvement and understanding the dual roles of men and women. Its main emphasis is on consumer homemaking education.

FHA is supported primarily by student membership dues. The organization also seeks individual, corporate and foundation gifts. Sponsorship is an endorsment rather than financial support.

Realizing the necessity to develop life skills, the organization provides a variety of opportunities for decisionmaking, personal growth, occupational preparation and community involvement. The values we develop through participation in these experiences will provide a basis for coping with a world of constant change.

Dear Seniors of 1987:

You have now reached a very important moment in your life. As you graduate from Tucumcari High School you are beginning the "commencement". With this passing I hope you grasp the sense of wonder and excitement of continued personal growth that you have, till now, called learning.

I hope that this personal growth will aid you to accomplish that which is possible and the strength to accept that which is not. As you compare yourself with others, remember that there are those who will always accomplish more and those who will achieve less than you. We are all an important and valuable part of humanity.

Take hold of the positive, don't brood about your failures, strive to attain more than you think is possible and nuture your being. Make your own life beautiful and you will add to the beauty of others.

Sincerely,

Tucumcari Municipal Schools

P. O. BOX 1046 Tucumcari, New Mexico 88401 Dear Class of 1987:

As another school year comes to an end, you have passed yet another milestone in your pursuit of an education.

Thank you for giving me the opportunity to wish you well as you pursue your goals. May you find success in all your endeavors.

Sincerely,

Mose P. Garcia

Assistant Superintendent

Dear Seniors:

Ask yourself how many persons have affected your life. How many persons have had a direct influence in helping you reach this major goal? Take time to reflect upon that first day at school and how many other days people helped you towards achieving an education. An education is a never ending proce . which you have only started to achieve. As you finish school you do not stop learning, for learning is an on going experience. Each day of your life you learn something new.

As you finish your first phase of formal education, I wish all of you luck and hope that you thank a teacher or teachers for all that they have done towards helping you receive a foundation towards this life time goal.

Congratulations to each and every one of you!

Sincerely,

Senior Class 1987 Tucumcari High School Tucumcari, New Mexico 88401

Dear Senior:

Congratulations on reaching a milestone in your life. The fact that you are reading this letter as a graduating senior says that you are on of the few, one of the minority. Worldwide you are one of the less than five percent of the world's population who will have attained the goal of high school graduation.

It is my sincere hope that you will not consider this as the end but instead a time for reflection, a time to begin. This is your time, the time when you and your peers will begin to take the reins of leadership, to develop your community as you envision it. How you develop this community will deternine the quality of life not only for you, but for your children, and your grandchildren.

Look forward. What has been is important only as a measure of what can be. Failures should be put aside, not forgotten but not dwelled upon. Each failure leads to a new opportunity for success. Let those of us who remain at Tucumcari High be proud to say "there goes a Rattler". You are a graduate of Tucumcari High. This is something you cannot change. Be proud of us; let us be proud of you.

Respectfully,

Thomas J. Durrett

To the Class of 1987:

As you leave Tucumcari High School, my wish for you is that you realize how fortunate you are, and that you take full advantage of this good fortune. You have experienced the past four years of your life under the direction and guidance of an excellent group of teachers. The training you have received at T.H.S. is superior to that received by most other high school students. What you do with that advantage is now up to you.

Some of you have made my first year in educational administration very challenging; all of you have made it very enjoyable, and I thank you for that.

Sincerely,

I have just been looking at my first T.H.S. Yearbook. Much has happened to the people in that 1971 book. Someone once said, "The Past is Prologue." May you look at your 1987 yearbook from the next century and say, "My past has truly helped to shape my present in a productive way." May that present be rewarding and useful to yourself and others. An unknown author wrote this verse that describes the friendships formed during your high school careers:

Though you're leaving now for something different to find; Don't forget the special friends that you're leaving behind. In each of us lies a desire or a need to be somewhere else, But that is just the innermost knowing of the self. Time seems to speed up and moments together slip away As the long awaited tomorrow is suddenly today. The friends you've made here will be forever in heart and the memories of times had will never depart.

My wish for the Class of 1987 is that you remember your senior year with pleasant thoughts and memories as you pursue your dreams and goals. Sincerely, Carmen Holguin Counselor

STUDENT COUNCIL

86 -87

Front: Andrea Scharz—Treasurer, Joletta Browning—Reporter, Michelle Shipley—Secretary. Back: Ty Christie—Parliamentarian, Thomas Mitchell—President, Michelle Crespin—Vice President

Student Council is an involved club. They conduct all the opening ceremonies at assemblies, hold all the Homecoming elections, sponsor all the dances as well as decorate for the dances and the coronations for Homecoming. Student Council also participates in the SADD program for Students Against Drunk Driving. Every year Student Council puts up a Christmas tree in the front lobby. You could say Student Council really gets involved. Its a great club to be in!!!!!!!!!!!

CLASSMATES, FRIENDS, AND SUPPORTERS— I've had a lot of good times and bad times being the Student body President for the past 2 years. But I must admit it was really fun. It taught me about responsibility, the kind I will use throughout my whole life. All the memories I have and the honor of being the Student body President will be remembered for a long time. I'd like to thank everyone for their support.

THANK YOU***

THE OEA PLEDGE We are met in a spirit of friendship and goodwill as we prepare for lives of service in office occupations. We work together to attain the goals of OEA and pledge

our loyalty to our nation.

The competitive events program is an integral part of the Office Education association. This program has been developed to provide vocational business and office education students with the opportunity: to demonstrate occupational competencies, to develop and demonstrate knowledge, skills, and attitudes, to develop and demonstrate leadership and human relation skills, to develop and demonstrate good competitive spirit, and to receive recognition.

Left to Right: Troy Romero, Salvador Gandara, Teddy Nials, Wade Whitson at Conchas Lake. Watching the water run over the spillway is exciting!

The objective of FHA-HERO this year is on improving homemaking skills so students may use them to obtain a job after leaving school. In Choices and Challenges the first semester, students learned how to apply for a job, fill out application forms, and learned about management of time, energy and resources. The class applied and were given a \$150 grant for the development of a video tape. The class chose the topic "Time Management." Under the direction of Dustin Runyan and other students that wanted to work after hours, the class worked in groups and finally selected a script for the video. The video was completed and accepted in January and will premier at the State Leadership Conference on March 20, 21, and 22. Only proposals from 2 Chapters were pproved for the grant and Tucumcari High was one of the two! In the second semester, he class learned about economics and the business world. They set up businesses, produced a product, and marketed it. Lots of paperwork was involved as students nvested their own money and divided the profits. With the help of FHA-HERO, who burchased two sewing machines, the clothing class was able to work on wergers and earn the mass production of clothing on a machine that would cut, stitch, and finish a eam. This enabled students to finish garments twice as fast. Throughout the year all ome economics students will incorporate FHA-HERO and vice versa, in learning life ong skills.

Lee Ward in Clothing Class learns the threading procedure on the sewing machine. His shirt was sewn completely on the serger before now.

Glen and Jeff in Free Enterprise filling out business forms. What fun!

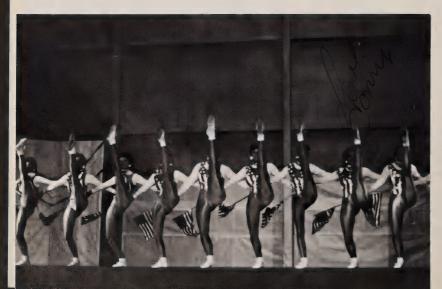

Cindy Dixon, Clothing, does the handwork on her pants after sewing them on the serger.

1985-86 AAA STATE CHAMPION Diamondback Drillettes!!!

Our T.H.S. Drillettes swept all of the awards this summer of '86 in a 300 participant/13 team camp held by USA in Albuquerque. Winning Top Dancer for the entire camp was Danette Ballard! And Michelle Crespin captured the Drill Down award. Joletta Browning (seated in center rear) holds the Top Team trophy. SUPER JOB girls!

To achieve a dream is hard . . . To maintain it is even harder!

According to director Mrs. Moran, this year's drillettes are "Better than ever!" At left, Captain Joletta's high kicks lead the line as the drill team performs to "Yankee Doodle Dandy" in the November Veteran's Day assembly.

Good Leadership keeps the team strong! Officers also like to take time for fun, as this pretty group proves. Captain Joletta (center) poses like the team's new warm-up shirt.

BUILDING A GREAT TRADITION

The State Fair Parade is another tradition that gives our girls a chance to shine for the TV audience and Albuquerque too!

(Above) Red, white, and blue and pretty girls too! The ending pose of "Yankee Doodle" showed pride and patriotism. (Right) Precision is the trademark of our drillettes.

Officers Guide the Drill Team to Another Year of Pride and Fun!

This year found the drillettes presenting all rou tines for the football season. Egyptian Love opened the season with a new look, and this routine later won first place at an Albuquerque novelty-routine division competition. Chairs ruffled skirts, and sparkling hoops rounded ou what proved to be the best year yet!

T.H.S. Drillettes Win More Trophies in '86 Than Any Other New Mexico Drill Team!!

Eleven team and individual trophies were won in 1986! The ability level was higher than ever, and at an Albuquerque competition they received two first place awards, a second place trophy, and a fourth place. Oddly enough, the fourth place was earned with a 95/100 score, against the toughest dance teams in the state!

President: Fred Quintana, Vice President: Phil Sequra, Secretary: Heather Robbins, Treasurer: Becky Shipley.

Sponsors: Mr. Latham and Mr. Page

The Science club is an active club which tries to promote interest in science among the student body. Too often many students believe that all science club members do is eat. We can't lie, we do this on occasion. Other things supported by our club, to list a few are: Three guest speakers. So far:

The first speaker told the club about a career in radio and TV.

The second speaker, a pharmacist, spoke on the effects of drugs on the body and also the advantages of a career in medicine or pharmacy.

The third speaker is a veterinarian and he was asked by the group to talk on rabies and the incidence of this in New Mexico.

Speakers planned for this spring:

A college professor will speak on drugs and happy accidents in science. The club will invite many of the science classes to listen to this speaker.

Another college instructor will talk to the chemistry classes, and other classes as space permits, on the magic of chemistry.

The science club will be sponsoring the high school science fair this spring.

On the lighter side we also sponsor Valentine kisses on Valentines Day.

We plan other activities and speakers this spring as time permits.

Tucumcari, New Mexico . . . Where on earth is that? These were the first things I thought when I was told where I was going. I first arrived in Tucumcari from Melbourne, Australia late on a Sunday night and my first impression was "What is a small town like this doing with all these Neon lights?" That all now seems like so long ago and I have come a long way since then: The Rotary club has helped me alot. I have lived with three great families, I have tried to participate in as many activities as I could and I feel as if I have become a part of the community. It is not just any community; it is yours. You people are the ones that have made my stay in America such a fantastic experience and when I go I will feel as if a part of me has been unwillingly pulled away. I will never forget you and hope your life is as exciting and fulfilling as my year in America has been.

e 1986 Football Homecoming was one to remember. The game was held on Oct. 3. The festivities began that week with 50s Day—Tuesday, Twins Day—Wednesday, Dress-Day—Thursday, and Purple & Gold Day—Friday. On Friday there was a parade—everyone went downtown including the Football team, the Queen and her Court, the eerleaders, the Band, the Drillteam, the Volleyball team, decorated cars, FFA tractors, National Honors Society, and then the student body. The pep rally was held wntown. That night came the coronation before the game. After the sad defeat of the game came the dance—featuring Dunn's Dancing Machine. Everything was a big sucsis. Although we didn't win a victory at the game we won a victory in school spirit.

JULIE HEC SALUTA

Jennifer Browning

This summer I was fortunate enough to be chosen as a delegate to attend New Mexico Girls State. After a week of campaigns, rallies, and elections, I left with a better understanding of our government. The knowledge and friendships I gained during that week will last me a lifetime. Jennifer Browning.

I guess you could say that Girl's State was "the" experience for me. I learned about how our state government runs and about the process of electing all the different officers as I am sure everyone else also did. The most important quality I found about Girl's State, was not the preceding though. It was learning how to present yourself to strangers, yet to become friends, to learn how to branch out and not be afraid, and to be independent.

Girl's State made my patriotic spirits high and it taught me to appreciate my freedom and to honor my country and flag. I will admit that it was a little lonely, but it taught me things I never thought I would ever care about. It was an experience I will never forget. It was fun! "THANK YOU GIRL'S STATE." My Boys' State experience is one that I will surely treasure forever. You go up there not knowing at all what this is about, and then come back with the feeling of a world of accomplishment, wanting to tell everyone you see just how great it was. I suggest to anyone who has a chance to go to Boy's State or Girl's State—"Go for it!" Because you'll surely never regret it. Dan Gholson

A Week In Washington

Close-Up is a government studies adventure—an adventure in personal growth. Washington, D.C. becomes the classroom, giving a firsthand look at what's going on—a system of learning by doing.

This year, twelve Tucumcari High School students attended the program, and each agreed it was an unforgettable experience. Despite being with other schools from New Mexico, Tucumcari students shared the week with participants from the Atlanta, Georgia, area and schools in Rhode Island.

The week was a tiring one for the participants, who were kept busy around sixteen hours a day. Students had seminars with speakers from the Justice and Defense departments, the media, and other organizations and toured such famous sites as the Jefferson, Lincoln, and Vietnam memorials.

The trip wasn't ALL work however, as students were treated to a very entertaining dinner theatre. The week ended with a banquet, featuring a talent show, and a dance, which gave everyone a cchance to wish their new-found friends good-bye.

Each of the participating students agrees that the Close-Up week was one of the most educational and exciting of their lives and one that will never be forgotten!

Many students agreed that their time on Capitol Hill was a highlight of the trip. Participants were able to tour all major buildings, including the Supreme Court and Capitol itself. New Mexico attendees met both of their Senators, and most sat in on sessions of the House of Representatives and Senate.

The 1987 participants (pictured left to right, front to rear): Geraldine Marquez; Sarah Paul; Melissa Crockett; Russell Lees; DanaPaul Leonard; Christy Farmer; Jody Madrid; Matthew Saltz; Becky Bratcher; Cindy Dixon; Angela Meredith; and Vivian-Mascarenas. Not shown: Sponsor Dave Berggren.

Senators Jeff Bingamon (pictured above), and Pete Domenici (below) take a few minutes to meet with the New Mexico participants.

Melissa and Mr. Berggren (at right) forget breakfast and take interest in something a little more exciting . . .

Taking in the sights was one of the most exciting aspects of the week (left), but as Dana's and Cindy's expressions show above, Washington's food was a different story . . .

Nothing one can say can really express the feeling that we, the players and coaches, have towards this season. Going 1-9 on the year is not the most enjoyable sensation. This is not to say that the season was a complete disaster. I learned a lot from the coaches and the players. I can honestly say I will never forget this season. I got mad. I got frustrated. I laughed until I cried. Above all, I'll always remember that I had fun.

The 1986-87 volleyball season was a very successful and rewarding one. The Lady Rattlers worked very hard and improved tremendously. I am proud to have had the pleasure to have coached this team and I feel that in the years to come, the Lady Rattlers are going to be the Number One team in the state. I think that if they continue to work and improve, it will be a matter of time before it pays off. Best of luck, Coach Margaret Gutierez.
